Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

ELI P. BARCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Barcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of my life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I blotted until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

SPAIN'S FLEET

Navy Department Receives
Word That It Has Re-
turned to Cadiz.

OREGON IS NOW SAFE

And the Way Is Clear For
Military Operations
In Cuba.

NOTHING OF SAMPSON

But Department Expects In-
teresting News From
Him Quite Soon.

SEND TROOPS TO TAMPA

Are Preparing to Embark
Them For Cuba.

All the Infantry and Cavalry at Chickamauga Ordered South—Movement Begun This Morning—Colonel Roosevelt Leaves the Navy Department and Is Presented With a Saber—General Lee Overwhelmed With Applications For Positions on His Staff.

Washington, May 11.—It is hard to tell whether the naval officials were relieved of disappointment by the news that came late yesterday to both the navy and state departments to the effect that the Spanish flying squadron had arrived at Cadiz, Spain. The safety of the Oregon from attack is now completely assured and the way is clear for military operations in Cuba without running the risk of having the occupying army's line of communication cut off. On the other hand it is believed that no enduring peace can be secured until the Spanish navy has been destroyed and it now appears that to do this our sailors must make up their minds to go after the Spaniards, a task very much more difficult than that of meeting them near our own shores.

It was suggested by some of the members of the war board that there was just possibility that the Spanish squadron might make a quick passage into the Pacific through the Suez canal and attack Dewey at Manila. It is said that, contrary to the common understanding, the Suez canal is open to the warships of belligerent powers, so that if the Spanish choose to take this course they would have a long start of any pursuing fleet from our side of the Atlantic. It is scarcely believed, however, that the Spanish are willing to take the great risk of exposing to our attack their own

"Save the women and children first!" is the instinctive cry of every brave man in a moment of peril, but in the every day concerns of life men who are ordinarily brave and kind forget the perils of trouble and disease that overhang their families. A man engrossed with his own affairs seldom realizes how hard his wife is working and that perhaps she is breaking down under the strain and becoming weak and sickly; incapable of doing the family work or of looking after the children.

It is just as much a man's duty to look after the health of his family from day to day as it would be to give them the first thought in a moment of shipwreck or peril.

It does not cost anything more to write to Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who will give the best professional advice free of charge with suggestions for inexpensive home-treatment whereby any of the family who are weak and ill may be put on their feet again well and strong and hearty.

For thirty years Dr. Pierce has successfully treated many of the most obstinate and apparently hopeless cases of severe chronic disease. His medicines are known throughout the whole world for their astonishing efficacy. His "Golden Medical Discovery" is the most perfect remedy for all weak and debilitated conditions of the system. It gives power to the digestive organs to transmute the food into muscular flesh and active energy. His "Favorite Prescription" is the most successful medicine ever devised for the delicate ailments peculiar to women.

His "Pleasant Pellets" are the best mild and natural laxative for constipation.

home ports by the withdrawal of so considerable a proportion of their naval strength as would be required to overmatch Dewey.

Nothing was heard from Sampson yesterday, but there is a confident expectation that interesting news will be coming from his squadron within the next 24 hours. Whether this means an attack on Porto Rico or not cannot be learned.

One effect of the retreat of the Spanish fleet has been to hasten even more the preparations already under full headway for the dispatching of military expeditions to Cuba. Time is now believed to be the great factor. There is no longer opportunity to indulge in extensive drilling and practice maneuvering. The regular army troops do not need these and are to be thrown at once into the fray.

The quartermaster general has already gotten under charter 27 merchant steamers for the transport of troops and, roughly speaking, these ships carry about 20,000 men. The plan is to have these vessels assemble at Tampa, Mobile, New Orleans and Galveston to take on troops which will be sent there. The navy department is expected to furnish convoys for these transports, which would be absolutely helpless against Spanish attack.

GOODY TO TEDDY.

Colonel Roosevelt Presented With a Saber By Employer.

Washington, May 11.—Mr. Roosevelt said farewell yesterday to the officers and clerks of the navy department. It is safe to say that not one of the employees, from the highest to the lowest, declined the invitation which was sent around to all the bureaus to call at the assistant secretary's office and say good-by to Mr. Roosevelt. There were many expressions of regret at his departure, and the whole affair was lacking in that perfunctory character which so often attaches to ceremonies of the kind.

Some of the employees of the department united in presenting to Mr. Roosevelt a very handsome silver mounted saber, which he displayed with pride upon his desk to all his callers.

Colonel Roosevelt is uncertain whether his "rough riders" will be in readiness to go with the first expedition to Cuba or not, the shipping of the equipment in time for them to join being the chief obstacle in sight.

TO TAMPA.

Troops at Chickamauga Began Moving This Morning.

Chickamauga National Park, Ga., May 11.—Major General Brooke, commanding the United States regular provisional army corps here, yesterday received orders to send all the cavalry and infantry troops in camp at Chickamauga park—about 6,000 in all—to Tampa, Fla., without delay. The order was accompanied with instructions to provide the men with a full supply of ammunition for 60 days.

There are five regiments of infantry in camp—the Second, Seventh, Eighth, Twelfth and Sixteenth—all of which were ordered to Tampa under command of Colonel Guy V. Henry and Colonel Adna R. Chaffee.

Two regiments of cavalry, the Third and Sixth, at once proceeded to Tampa under General S. C. Sumner. These troops marched from the park to Riggold this afternoon and took the Western and Atlantic trains at that point. The distance is about eight miles and it was decided that this march could be made and relieve the Chattanooga, Rome and Southern, so that they could move the infantry with more dispatch.

The Second cavalry under Colonel Hunt, was ordered to Mobile and they marched to Rossville and were loaded on the Southern at that point. The First and Tenth cavalry went to New Orleans under command of the senior officer, Colonel Baldwin, marching to this city and taking the Alabama and Great Southern here this afternoon.

General Brooke and staff remain here to assist in the organization of the volunteer army should it be ordered here. The signal corps has also been ordered to remain here until further orders. The Second and Seventh infantry left this morning and the Eighth and Sixteenth infantry this afternoon; the Twelfth infantry may not get off until Saturday morning.

Information was received last night at General Brooke's headquarters that the volunteer army will occupy the grounds now being vacated by the regulars, and that while there will not be so many of the volunteers here as was at first expected, a large number will be concentrated here to be in reserve against the time they may be needed at the front.

In reply to a query, Adjutant General Sheridan stated that before Friday night all the troops will have been moved south, an accomplishment due to the fact that every command has been on waiting orders for a week, and each command has disposed of all its surplus baggage and equipments.

UGHT TO BE COURT-MARTIALED.

Foreign Military Men Think That Should Be Montojo's Fate.

Washington, May 11.—The military authorities connected with the foreign establishments here say that Admiral Montojo and his entire staff of officers ought to be, and undoubtedly will be, court-martialed for allowing themselves to be surprised by Admiral Dewey's fleet. One of these officials said: "There is not a naval power in Europe which would not immediately order a court-martial after such a humiliating surprise, followed by such terrible results of negligence. The court-martial should have been ordered instantly, and if Spain has not already ordered it, it discloses the inability to appreciate the seriousness of such a naval blunder. To be taken by surprise is unpardonable."

General Lee's Popularity.

Washington, May 11.—Several of the new major generals were at the war department yesterday endeavoring to arrange for the detail of their staffs and other matters necessary to their taking up active service. Among them were Generals Lee, Wilson, and Wheeler. General Lee, probably, is under more pressure than any of his brother major generals in the appointment of his staff. There are at least 20 applicants for every place, a tribute to the popularity of the general. He declared that he had not yet been able to complete his selection.

Heavy Cannonading Heard.
Beaufort, N. C., May 11.—Captain Allen, of the schooner Alert and many others of the ocean fleet of fishermen of this place report hearing heavy cannonading off Cape Lookout, N. C. yesterday, counting 47 distinct shots.

CONGRESS.

Senate Passes Four War Measures and an Appropriation Bill.

Washington, May 11.—Four war measures were passed by the senate yesterday. One of them provided for carrying on the additional work in the adjutant general's office; the second authorizes the enlistment of a volunteer signal corps, two-thirds of the members of which must be expert electricians or telegraphers; the third was the so-called "immune bill" passed by the house of representatives, and the fourth was a measure suspending existing law so that additional hospital stewards can be appointed.

The postoffice appropriation bill, carrying appropriations which aggregate more than \$99,000,000, was also passed. The house was in session just 57 minutes.

THE MARKETS.

Prevailing Prices For Grain, Cattle and Provisions on May 10.

Chicago, May 11.—Wildly fluctuating 20 cents a bushel, wheat yesterday closed at \$1.14—a loss of 6 1/4 cents. A collapse from \$1.25 (a new high record for July) to \$1.05, chiefly in the last hour, was the main spectacular feature. Sales to realize profits principally caused the fearful slide. A hair-raising, quick rally of 10 cents, due to covering in shorts, followed just before the closing gong. May closed at \$1.85, the highest point of the season, a net advance of 10 cents.

PRETENDER CARLOS

He Will Make Another Bold
Effort to Capture the
Spanish Throne.

SUMMONS TO FOLLOWERS

Three Members of His
Cabinet Selected.

Weyler to Be Commander-in-Chief of Army and Marquis of Cerralba to Be President of Council—Scene in Lower House of Spanish Cortes—Report That Spanish Mail Steamer Monserrat Has Run the Blockade at Havana.

New York, May 11.—Senor De la Costina, American representative of Don Carlos, has left New York to join his leader in Europe. Before going, Senor Costina said that his departure was due to a summons from Don Carlos and that all the other American Carlists had already left, or were about to leave, to assist Don Carlos in his next effort to regain his throne.

Senor Costina said that, judging from the events of the past few days, Don Carlos would probably be established before he (Senor Costina) arrived in Europe, but that in any event the presence of the American Carlists is desired at this moment.

"With our knowledge of the United States and the people we will be able to advise Don Carlos as to the expedience and the best method of carrying on the present war."

"It is possible certainly," said Senor Costina, "that some way may be found to settle the difficulty when Don Carlos is king; the American Carlists will endeavor to bring this about. Should Don Carlos, however, consider that the honor of Spain or the interests of the Spanish people would be compromised by a peace, he will certainly carry the war on to the end. He will be in a better position to wage war than the present government is. Besides his own immense fortune, which amounts to about \$30,000,000, he inherited a large fortune from his first wife, and his present wife, too, is very rich. Besides this he can command the entire fortune of every Carlist in Spain, France, or any where else."

DON CARLOS, THE PRETENDER.

Don Carlos, however, consider that the honor of Spain or the interests of the Spanish people would be compromised by a peace, he will certainly carry the war on to the end. He will be in a better position to wage war than the present government is. Besides his own immense fortune, which amounts to about \$30,000,000, he inherited a large fortune from his first wife, and his present wife, too, is very rich. Besides this he can command the entire fortune of every Carlist in Spain, France, or any where else.

"Don Carlos is already forming his ministry, and although the list is not yet completed, I can safely say that at least three of the ministers have been decided on."

"The marquis of Cerralba is to be president of the council; General Weyler, commander-in-chief of the army, and Don Juan Vazquez de Mella, who was recently expelled from the cortes for his freely expressed Carlistic sentiments, will occupy a high position, probably that of secretary of state."

SCENE IN THE CORTES.

Republicans Declare They Are Ready to Form a Ministry.

Madrid, May 11.—The chamber (lower house) had a prolonged sitting last night with a view of passing the current political measures giving the government authority to procure funds to continue the war. Senor Salmeron, the Republican leader, alluded to the rumors of the queen regent's abdication and declared that the Republicans were ready to form a government forthwith.

His remarks evoked a storm of protests, and Senor Salmeron was unable to proceed for fully 10 minutes. Monarchists and Republicans shrieked at each other and banded threats.

The president's voice was completely drowned. When he finally obtained a hearing, the president, Marquis Vega de Armijo requested Senor Salmeron to withdraw the calumny.

Senor Salmeron refused, whereupon the president named him and threatened to name him thrice if he continued his attacks upon the throne. As a result of this caution and of the persistent monarchist interruptions, Senor Salmeron was compelled to desist.

Senor Sagasta, the premier, then rose and declared that anyone trying to sow disunion among Spaniards when the nation was engaged in an international struggle was unworthy of the name of Spaniard.

Senor Salmeron shouted: "I am a good Spaniard." This exclamation was greeted with monarchist shouts of "No, no. Out with him."

Senor Sagasta appealed to the patriotism of members and prayed the house to vote the "funds so necessary to conduct the war." His appeal was greeted with the general cry "we will vote immediately."

HARDLY PROBABLE.

Havana Dispatch Says Spanish Steamer Monserrat Has Entered That Port.

Madrid, May 11.—A despatch received here from Havana says the Spanish steamer Monserrat which, with a valuable cargo—troops and a large sum of money intended for Havana—escaped the United States fleet and entered the port of Cienfuegos, Cuba, has now run the blockade of the American squadron and has entered the port of Havana in safety. It is claimed here that this proves the blockade of the Cuban ports is ineffective.

The Spanish mail steamship Monserrat, which is alleged to have run the blockade, at Havana, appears to have reached Cienfuegos on April 27 with 1,000 Spanish soldiers, \$500,000 in silver and 18 guns of large calibre, in addition to a very valuable cargo, including a quantity of ammunition. The Spaniards claim the Monserrat was sighted by an American man of war, which fired on her. The mail steamer, it is alleged, mounting guns as an auxiliary cruiser, returned the fire and eventually reached Cienfuegos.

Retreat of Spain's Fleet.

London, May 11.—There is no confirmation of the report that the Spanish fleet from the Cape Verde islands has returned to Cadiz, but it is generally regarded as the most likely movement to be made and as an indication that Spain has decided to let her West Indian possessions go. The question is generally asked: "What possible use has Spain for continuing a hopeless struggle, as it is considered next to impossible that she has any alternative plan or that the retreat of the squadron hides some strategic design?"

Afraid of Spaniards.

St. John, N. F., May 11.—A fleet of 15 American fishing vessels that has been seeking bait in the harbors of the southern coast of Newfoundland has decided to abandon fishing on the Grand Banks through fear of Spanish cruisers. It will proceed around the west coast toward the straits of Belle Isle, where it cannot be interfered with because then it will be in British waters.

The Three Friends.

New Orleans, May 11.—The United States court of appeals has decided in favor of the filibuster Three Friends, because there was no evidence that she was fitted out in the United States.

ORDERS TO SAMPSON

He Is Instructed to Bombard San Juan.

Washington, May 11.—Dispatches were sent late last night to Captain Sampson via Port-Au-Prince, Hayti, informing him that the government had located the Spanish fleet at Cadiz and for him to commence immediately the bombardment of the batteries at San Juan.

MINE ACCIDENT.

Three Men Killed and One Seriously Injured.

Parkersburg, W. Va., May 11.—Three men were killed, one fatally hurt and four others dangerously injured at the mines of the Thacker Coal company, by the breaking away of a car on which were 10 men. The car broke away from the tangle and landed with a crash at the foot of the mine shaft, 300 yards away. The lead are: Lee Snell, Joseph Morris and William Hardy. Fatally injured: William Simms.

Paying Out Gold.

Washington, May 11.—The United States treasury yesterday began paying out gold over the counter in lieu of currency. This will be continued indefinitely. The available cash balance on hand including the \$100,000,000 gold reserve is \$213,313,585, of this amount \$60,323,419 is free gold and the balance is made up of silver, treasury and United States notes, etc.

Signed the Decree.

Washington, May 11.—Judge Hagner has signed a decree granting Frances Hodgson Burnett, the novelist, a divorce from Dr. Swan M. Burnett, a well known oculist of this city. She is permitted to resume her maiden name of Hodgson.

Volunteers Mustered In.

Washington, May 11.—Reports received at Adjutant General Corbin's office show that 34,345 men have been mustered into the volunteer army of the United States.

Treasury Balance.

Washington, May 11.—Yesterday's statement of the condition of the treasury shows: Available cash balance \$213,313,585; gold reserve \$180,323,419.

Admitted to the Supreme Court.

New York, May 11.—John G. Carlisle, former secretary of the treasury, has been admitted to the supreme court of the state of New York. At the same time the admission of Mr. Carlisle's son, William K. Carlisle, was moved. The elder Carlisle was moved as a member of the Kentucky bar and the younger as a member of the bar of Illinois.

Medico-Psychological Association.

St. Louis, May 11.—The 54th annual session of the American Medico-Psychological association has convened here, the delegates present being prominent alienists and neurologists from every part of the United States with a number from Canada.

Middletown, O., May 11.—Hon. P. J. Sorg emphatically denies the story reported from New York that he has joined the manufactured tobacco combine.

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs, but they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McLREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Denison, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

WEDNESDAY, MAY 11, 1898.

The American people, excepting a few men who are more loyal to the mistaken policies of Bryan, than to the nation, approve and applaud the actions of President McKinley in dealing with the war with Spain.

The state grand army encampment will be held at Columbus next week. The crowd that will attend will be the largest that ever gathered in our neighboring city and ample preparations are being made for all who go. No city should have a larger representation at this meeting of surviving soldiers of the civil war than Seymour. Not only should the soldiers of Seymour and Jackson county be there but the citizens generally of the county should attend. The encampment is near to our own home, therefore we should accept the convenient opportunity and and go. By so doing we only do the part of patriotic citizens.

During the progress of the civil war there were a few men in congress who did everything they could to embarrass President Lincoln. Their only reason for their opposition to the president was that he was a republican. Their lack of patriotism was rebuked by the people and for years the democratic party had little to do in the administration of national affairs. There is similar opposition to the administration at Washington, opposition coming from men opposed to the president politically who apparently think more of party than country. The people do not approve of such selfish policies and will rise in their might and show that broader spirit of patriotism and loyalty by rejecting these obstructionists to private life at the first opportunity.

DEWEY'S VICTORY.

Some Interesting Information Concerning the Philippines.

Correspondence to the REPUBLICAN.

WASHINGTON, May 11.—President McKinley's recommendation for congressional action in honor of Commodore Dewey's great victory—in many respects the greatest in annals of naval warfare—was promptly acted upon.

Chairman Boutelle, of the house naval committee, has reported a joint resolution of thanks to Commodore Dewey and a bill creating an additional rear admiral in the navy. The latter will enable the president to promote Commodore Dewey. Immediately upon receipt of his official report of the battle of Manila harbor, Secretary Long, in the name of the president cabled to Commodore Dewey promoting him to Acting Admiral, and tendering him the thanks of himself and of the people for his great achievement.

The more the official report of Commodore Dewey is studied the more wonderful his victory appears. He entered Manila harbor, protected by mines, heavy shore batteries, a fleet of eleven ships, mounting about one hundred guns and carrying about 2,000 men, and destroyed all eleven of the ships and captured all the batteries. And the most wonderful part of this wonderful exploit was that not a single man on an American ship was killed and not a single ship was materially injured, and only a half dozen men were wounded.

Troops are to be sent to garrison the Philippine Islands just as soon as the ships to carry them from San Francisco can be got ready. About 10,000 will go.

News of an important victory is hourly expected from Admiral Sampson's fleet, although its whereabouts is a secret known only to the officials. The general belief is that it is on double errand—to whip the Spanish fleet if it can be found, and to capture Porto Rico. The army is likely to move on Cuba any day.

Some decidedly interesting information is contained in "advance sheets of Consular Reports," issued daily by the Bureau of Foreign Commerce of the State Department. For instance, that the island of Luzon, on which the city of Manila, the scene of Commodore Dewey's great naval victory, is larger than the states of New York and Massachusetts; that the entire area of the Philippine islands, now under Old Glory is ten per cent greater than that of the New England States, New York, New Jersey, Maryland and Delaware combined. Many persons who consider themselves well informed upon commercial affairs have been greatly surprised to learn that the U. S. has more trade with the Philippine islands than all the rest of the world combined has. What the U. S. will do with these valuable islands is a question that is already being discussed in Washington. This government will hold them until the war is over, and then decide what disposition shall be made of them. This is as far as has been determined upon by the President.

CORTLAND.

Frank Paffenberger, of Medora, came up last Saturday to visit his parents over Sunday.

Aaron Paffenberger was summoned to attend court at Columbus on the Williams-Lewis murder case this week.

Mrs. Anna Hackman and family, of Waymansville, and Reuben Nipp and wife, of Seymour were visiting in the family of John Uphouse last Sunday.

Miss Ola VanCleave, who has been for several months in the employ of Mrs. L. C. Baughman went to Pleasant Grove last Tuesday to work for Mrs. John Galimore.

N. J. VanCleave went to Indianapolis last Saturday to visit her sister Mrs. J. J. Bain. She was accompanied by her daughter-in-law, Mrs. Emma Van Cleave of Lincoln, Neb.

While some of the section men were running over the road one day this week they found where some one had placed some spikes in a very dangerous position which would no doubt have caused a wreck if it had not been found.

The "Hummer," of the Banner, as usual wants to "shake hands across the bloody chasm" and "bury the hatchet." He never forgets any of the old sayings neither does he learn any new ones. It is a wonder he does not want the people up here to get on their knees with him and ask forgiveness for him after misrepresenting the matter of the gravel roads to the people.

ENGLAND'S PREMIER.

WHAT IT MEANS TO BE THE BRITISH PRIME MINISTER.

Nowhere Else In the World Is There Any Position at Once So Powerful and So Anomalous—The Office Is Without Legal Foundation.

Nowhere else in the world is there any position at once so powerful and so anomalous. So long as he remains prime minister the premier of the United Kingdom is possessed of more real power than any single individual, unless it be the czar or the president of the United States.

Yet, great as is the power of prime minister, the office has no foundation on law. The prime minister is quite as unknown to the law as is the cabinet. If a legal pedant, blind to all facts not in the statutes or the textbooks of the common law, were asked to define the office of prime minister and to describe the cabinet, he would be utterly at a loss.

In theory the prime minister is only a privy councillor at the head of a department of state who is specially in the sovereign's confidence and who usually presides at an informal gathering of certain of the privy councillors who happen to hold offices of state—a gathering which is called the cabinet. That is the furthest which the legal pedant of our thought would dare to go. Yet, of course, the prime minister is, in fact, far more than the mere chairman of the cabinet.

The cabinet, no doubt, has a great deal of power, but even if it were true once it is certainly not true now that England is governed by a committee of 15 or 16 persons.

The prime minister, as a rule, makes his cabinet. He is commissioned by the queen to form a cabinet, because he is the man whom she considers to possess the confidence of a majority of the house of commons. He forms his cabinet by asking certain members of the two houses to hold the great offices of state. He might do this in one day and without consulting any one.

As a matter of fact, what usually happens is this: As soon as the commission to form a government has been received, the prime minister takes into his confidence the two or three who will hold the chief offices, and they talk together over the other names. When a man is decided upon, he, as a rule, joins the conclave and helps to consult as to men and places, and so the cabinet gradually evolves itself. No doubt, as generally happens in this world, the prime minister's choice is never really free.

Certain men must be in the cabinet, whatever happens, and hence they may be said not to be chosen by the premier, but to be ministers in their own right. In spite, however, of this, the fact that they are asked to serve by the premier makes them feel his superiority. When the cabinet is made, the theory of the unwritten constitution is that the cabinet governs. In reality it seldom does anything of the kind.

Each cabinet minister has very great power in his own department, but the cabinet as a cabinet can do little. Since, however, it knows everything that is going on it can exercise a great deal of indirect power. The previous knowledge that the majority of the cabinet would like or dislike a particular policy has a great influence, but still the cabinet does not rule. The prime minister summons, presides over and largely controls the cabinet meetings. If a vacancy occurs, he fills it up, and so can promote from the lower to the higher offices.

Then he can and does confer with his colleagues in regard to the business of their departments, and so has a hold upon the whole machine of government. Sir Robert Peel saw every member of his cabinet separately every day. Again, if there be a difference between two other members of the government, the premier decides. If there be an irreconcilable difference between himself and a minister, it is the minister and not the premier who resigns.

Lastly, the prime minister can, by resigning himself, dissolve the whole ministry. These things, small in themselves, taken together, make the prime minister's position what it is. He makes and can unmake a cabinet. He presides over it, and he has the right to advise in regard to every department, though this right is of course seldom exercised, and he has secured to him beforehand the support of the rank and file or of any cabinet if it comes to a struggle between him and a colleague, because the rank and file know that if the premier is beaten he has it in his power to upset

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at W. F. Peter's drug store.

CLAIMED IT WAS MURDER.

Shooting of David Hedrick, It Is Alleged, Was Not an Accident.

Markleville, Ind., May 11.—It now appears that David Hedrick, the deaf mute, was not killed accidentally while squirrel hunting, but was murdered by Thamer Cory. Both men had been drinking. It is claimed that Hedrick had \$80, and that Cory deliberately shot him dead, and, to make sure of his work, severed his jugular vein, inflicting a number of slashes while he used the knife. It is further alleged that Cory was digging a grave with the intention of burying the body, when he was discovered by Michael Orosan, a neighboring farmer, who was attracted by the sound of the shooting, and instituted an investigation. Both men were farmhands. Cory is under arrest.

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. RECEIVED FROM
Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of my life, from a catarrh which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. SPAIN'S FLEET

Navy Department Receives Word That It Has Returned to Cadiz.

OREGON IS NOW SAFE

And the Way Is Clear For Military Operations In Cuba.

NOTHING OF SAMPSON

But Department Expects Interesting News From Him Quite Soon.

SEND TROOPS TO TAMPA

Are Preparing to Embark Them For Cuba.

All the Infantry and Cavalry at Chickamauga Ordered South—Movement Begun This Morning—Colonel Roosevelt Leaves the Navy Department and Is Presented With a Saber—General Lee Overwhelmed With Applications For Positions on His Staff.

Washington, May 11.—It is hard to tell whether the naval officials were relieved of disappointment by the news that came late yesterday to both the navy and state departments to the effect that the Spanish flying squadron had arrived at Cadiz, Spain. The safety of the Oregon from attack is now completely assured and the way is clear for military operations in Cuba without running the risk of having the occupying army's line of communication cut off. On the other hand it is believed that no enduring peace can be secured until the Spanish navy has been destroyed and it now appears that to do this our sailors must make up their minds to go after the Spaniards, a task very much more difficult than that of meeting them near our own shores.

It was suggested by some of the members of the war board that there was just a possibility that the Spanish squadron might make a quick passage into the Pacific through the Suez canal and attack Dewey at Manila. It is said that, contrary to the common understanding, the Suez canal is open to the warships of belligerent powers, so that if the Spanish choose to take this course they would have a long start of any pursuing fleet from our side of the Atlantic. It is scarcely believed, however, that the Spanish are willing to take the great risk of exposing to our attack their own

"Save the women and children first!" is the instinctive cry of every brave man in a moment of peril, but in the every day concerns of life men will be ordinarily brave and kind forget the perils of trouble and disease that overshadow their families. A man engrossed with his own affairs seldom realizes how hard his wife is working and that perhaps she is breaking down under the strain and becoming weak and sickly; incapable of doing the family work or of looking after the children.

It is just as much a man's duty to look after the health of his family from day to day as it would be to give them the first thought in a moment of shipwreck or peril. It does not cost anything more than a few minutes of time to write to Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who will give the best professional advice free of charge with suggestions for inexpensive home-treatment whereby any of the family who are weak and ill may be put on their feet again well and strong and hearty. For thirty years Dr. Pierce has successfully treated many of the most obstinate and apparently hopeless cases of severe chronic disease. His "Golden Medical Discovery" is the most successful medicine ever devised for the delicate ailments peculiar to women. His "Pleasant Pellets" are the best mild and natural laxative for constipation.

home ports by the withdrawal of so considerable a proportion of their naval strength as would be required to overmatch Dewey.

Nothing was heard from Sampson yesterday, but there is a confident expectation that interesting news will be coming from his squadron within the next 24 hours. Whether this means an attack on Porto Rico or not cannot be learned.

One effect of the retreat of the Spanish fleet has been to hasten even more the preparations already under full headway for the dispatching of military expeditions to Cuba. Time is now believed to be the great factor. There is no longer opportunity to indulge in extensive drilling and practice maneuvering. The regular army troops do not need these and are to be thrown at once into the fray.

The quartermaster general has already gotten under charter 27 merchant steamers for the transport of troops and, roughly speaking, these ships carry about 20,000 men. The plan is to have these vessels assemble at Tampa, Mobile, New Orleans and Galveston to take on troops which will be sent there. The navy department is expected to furnish convoys for these transports, which would be absolutely helpless against Spanish attack.

GOODBYE TO TEDDY.

Colonel Roosevelt Presented With a Saber by Employees.

Washington, May 11.—Mr. Roosevelt said farewell yesterday to the officers and clerks of the navy department. It is safe to say that not one of the employees, from the highest to the lowest, declined the invitation which was sent around to all the bureaus to call at the assistant secretary's office and say goodbye to Mr. Roosevelt. There were many expressions of regret at his departure, and the whole affair was lacking in that perfunctory character which so often attaches to ceremonies of the kind.

Some of the employees of the department united in presenting to Mr. Roosevelt a very handsome silver mounted saber, which he displayed with pride upon his desk to all of his callers.

Colonel Roosevelt is uncertain whether his "rough riders" will be in readiness to go with the first expedition to Cuba or not, the shipping of the equipment in time for them to join being the chief obstacle in sight.

TO TAMPA.

Troops at Chickamauga Began Moving This Morning.

Chickamauga National Park, Ga., May 11.—Major General Brooke, commanding the United States regular provisional army corps here, yesterday received orders to send all the cavalry and infantry troops in camp at Chickamauga park—about 6,000 in all—to Tampa, Fla., without delay. The order was accompanied with instructions to provide the men with a full supply of ammunition for 60 days.

There are five regiments of infantry in camp—the Second, Seventh, Eighth, Twelfth and Sixteenth—all of which were ordered to Tampa under command of Colonel Guy V. Henry and Colonel Adna R. Chaffee.

Two regiments of cavalry, the Third and Sixth, at once proceeded to Tampa under General S. S. Sumner. These troops marched from the park to Riggold this afternoon and took the Western and Atlantic trains at that point. The distance is about eight miles and it was decided that this march could be made and relieve the Chattanooga, Rome and Southern, so that they could move the infantry with more dispatch.

The Second cavalry under Colonel Hunt, was ordered to Mobile and they marched to Rossville and were loaded on the Southern at that point. The First and Tenth cavalry went to New Orleans under command of the senior officer, Colonel Baldwin, marching to this city and taking the Alabama and Great Southern here this afternoon.

General Brooke and staff remain here to assist in the organization of the volunteer army should it be ordered here. The signal corps has also been ordered to remain here until further orders. The Second and Seventh infantry left this morning and the Eighth and Sixteenth infantry this afternoon; the Twelfth infantry may not get off until Saturday morning.

Information was received last night at General Brooke's headquarters that the volunteer army will occupy the grounds now being vacated by the regulars, and that while there will not be so many of the volunteers here as was at first expected, a large number will be concentrated here to be in reserve against the time they may be needed at the front.

In reply to a query, Adjutant General Sheridan stated that before Friday night all the troops will have been moved south, an accomplishment due to the fact that every command has been on waiting orders for a week, and each command has disposed of all its surplus baggage and equipments.

UGHT TO BE COURT-MARTIALED.

Foreign Military Men Think That Should Be Montejó's Fate.

Washington, May 11.—The military authorities connected with the foreign establishments here say that Admiral Montejó and his entire staff of officers ought to be, and undoubtedly will be court-martialed for allowing themselves to be surprised by Admiral Dewey's fleet. One of these officials said: "There is not a naval power in Europe which would not immediately order a court-martial after such a humiliating surprise, followed by such terrible results of negligence. The court-martial should have been ordered instantly, and if Spain has not already ordered it, it discloses the inability to appreciate the seriousness of such a naval blunder. To be taken by surprise is unpardonable."

General Lee's Popularity.

Washington, May 11.—Several of the new major generals were at the war department yesterday endeavoring to arrange for the detail of their staffs and other matters necessary to their taking up active service. Among them were Generals Lee, Wilson, and Wheeler. General Lee, probably, is under more pressure than any of his brother major generals in the appointment of his staff. There are at least 20 applicants for every place, a tribute to the popularity of the general. He declared that he had not yet been able to complete his selection.

Heavy Cannonading Heard, Beaufort, N. C., May 11.—Captain Allen, of the schooner Alert and many others of the ocean fleet of fishermen of this place report hearing heavy cannonading off Cape Lookout, N. C. yesterday, counting 47 distinct shots.

CONGRESS.

Senate Passes Four War Measures and an Appropriation Bill.

Washington, May 11.—Four war measures were passed by the senate yesterday. One of them provided for carrying on the additional work in the adjutant general's office; the second authorizes the enlistment of a volunteer signal corps, two-thirds of the members of which must be expert electricians or telegraphers; the third was the so-called "immune bill" passed by the house of representatives, and the fourth was a measure suspending existing law so that additional hospital stewards can be appointed.

The postoffice appropriation bill, carrying appropriations which aggregate more than \$99,000,000, was also passed. The house was in session just 57 minutes.

THE MARKETS.

Prevailing Prices For Grain, Cattle and Provisions on May 10.

Chicago, May 11.—Wildly fluctuating 20 cents a bushel, wheat yesterday closed at \$1.14—a loss of 6 1/2 cents. A collapse from \$1.25 a new high record for July) to \$1.05, chiefly in the last hour, was the main spectacular feature. Sales to realize profits principally caused the fearful slide. A hair-raising, quick rally of 10 cents, due to covering in shorts, followed just before the closing gong. May closed at \$1.85, the highest point of the season, a net advance of 10 cents.

PRETENDER CARLOS

He Will Make Another Bold Effort to Capture the Spanish Throne.

SUMMONS TO FOLLOWERS

Three Members of His Cabinet Selected.

Weyler to Be Commander-in-Chief of Army and Marquis of Cerralba to Be President of Council—Scene in Lower House of Spanish Cortes—Report That Spanish Mail Steamer Monserrat Has Run the Blockade at Havana.

New York, May 11.—Senor De la Costina, American representative of Don Carlos, has left New York to join his leader in Europe. Before going, Senor Costina said that his departure was due to a summons from Don Carlos and that all the other American Carlists had already left, or were about to leave, to assist Don Carlos in his next effort to regain his throne.

Senor Costina said that, judging from the events of the past few days, Don Carlos would probably be established before he (Senor Costina) arrived in Europe, but that in any event the presence of the American Carlists is desired at this moment.

"With our knowledge of the United States and the people we will be able to advise Don Carlos as to the expedience and the best method of carrying on the present war."

"It is possible certainly," said Senor Costina, "that some way may be found to settle the difficulty when Don Carlos is king; the American Carlists will endeavor to bring this about. Should Don Carlos, however, consider that the honor of Spain or the interests of the Spanish people would be compromised by a peace, he will certainly carry the war on to the end. He will be in a better position to wage war than the present government is. Besides his own immense fortune, which amounts to about \$30,000,000, he inherited a large fortune from his first wife, and his present wife, too, is very rich. Besides this he can command the entire fortune of every Carlisle in Spain, France, or any where else."

"Don Carlos is already forming his ministry, and although the list is not yet completed, I can safely say that at least three of the ministers have been decided on."

"The marquis of Cerralba is to be president of the council; General Weyler, commander-in-chief of the army, and Don Juan Vazquez de Mella, who was recently expelled from the cortes for his freely expressed Carlisle sentiments, will occupy a high position, probably that of secretary of state."

SCENE IN THE CORTES.

Republicans Declare They Are Ready to Form a Ministry.

Madrid, May 11.—The chamber (lower house) had a prolonged sitting last night with a view of passing the current political measures giving the government authority to procure funds to continue the war. Senor Salmeron, the Republican leader, alluded to the rumors of the queen regent's abdication and declared that the Republicans were ready to form a government forthwith.

His remarks evoked a storm of protests, and Senor Salmeron was unable to proceed for fully 10 minutes. Monarchists and Republicans shrieked at each other and banded threats.

The president's voice was completely drowned. When he finally obtained a hearing, the president, Marquis Vega de Armijo requested Senor Salmeron to withdraw the calumny.

Senor Salmeron refused, whereupon the president named him and threatened to name him thrice if he continued his attacks upon the throne. As a result of this caution and of the persistent monarchist interruptions, Senor Salmeron was compelled to desist.

Senor Sagasta appealed to the patriotism of members and prayed the house to vote the "funds so necessary to conduct the war." His appeal was greeted with the general cry "we will vote immediately."

HARDLY PROBABLE.

Havana Dispatch Says Spanish Steamer Monserrat Has Entered that Port.

Madrid, May 11.—A despatch received here from Havana says the Spanish steamer Monserrat which, with a valuable cargo—troops and a large sum of money intended for Havana—escaped the United States fleet and entered the port of Cienfuegos, Cuba, has now run the blockade of the American squadron and has entered the port of Havana in safety. It is claimed here that this proves the blockade of the Cuban ports is ineffective.

The Spanish mail steamship Monserrat, which is alleged to have run the blockade at Havana, appears to have reached Cienfuegos on April 27 with 1,000 Spanish soldiers, \$500,000 in silver and 18 guns of large calibre, in addition to a very valuable cargo, including a quantity of ammunition. The Spaniards claim the Monserrat was sighted by an American man of war, which fired on her. The mail steamer, it is alleged, mounting guns as an auxiliary cruiser, returned the fire and eventually reached Cienfuegos.

Retreat of Spain's Fleet.

London, May 11.—There is no confirmation of the report that the Spanish fleet from the Cape Verde islands has returned to Cadiz, but it is generally regarded as the most likely movement to be made and as an indication that Spain has decided to let her West Indian possessions go. The question is generally asked: "What possible use has Spain for continuing a hopeless struggle, as it is considered next to impossible that she has any alternative plan or that the retreat of the squadron hides some strategic design?"

Afraid of Spaniards.

St. John, N. F., May 11.—A fleet of 15 American fishing vessels that has been seeking bait in the harbors of the southern coast of Newfoundland has decided to abandon fishing on the Grand Banks through fear of Spanish cruisers. It will proceed around the west coast toward the straits of Belle Isle, where it cannot be interfered with because then it will be in British waters.

New Orleans, May 11.—The United States court of appeals has decided in favor of the filibuster Three Friends, because there was no evidence that she was fitted out in the United States.

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McKREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS,
of Odenville, Texas, says:
"I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

WEDNESDAY, MAY 11, 1898.

THE AMERICAN PEOPLE, excepting a few men who are more loyal to the mistaken policies of Bryan, than to the nation, approve and applaud the actions of President McKinley in dealing with the war with Spain.

The state grand army encampment will be held at Columbus next week. The crowd that will attend will be the largest that ever gathered in our neighboring city and ample preparations are being made for all who go. No city should have a larger representation at this meeting of surviving soldiers of the civil war than Seymour. Not only should the soldiers of Seymour and Jackson county be there but the citizens generally of the county should attend. The encampment is near to our own home, therefore we should accept the convenient opportunity and go. By so doing we only do the part of patriotic citizens.

During the progress of the civil war there were a few men in congress who did everything they could to embarrass President Lincoln. Their only reason for their opposition to the president was that he was a Republican. Their lack of patriotism was rebuked by the people and for years the democratic party had little to do in the administration of national affairs. There is similar opposition to the administration at Washington, now opposition coming from men opposed to the president politically who apparently think more of party than country. The people do not approve of such selfish policies and will rise in their might and show that broader spirit of patriotism and loyalty by retiring these obstructionists to private life at the first opportunity.

DEWEY'S VICTORY.

Some Interesting Information Concerning the Philippines.

Correspondence to the REPUBLICAN.

WASHINGTON, May 11.—President McKinley's recommendation for congressional action in honor of Commodore Dewey's great victory—in many respects the greatest in annals of naval warfare—was promptly acted upon. Chairman Boutelle, of the house naval committee, has reported a joint resolution of thanks to Commodore Dewey and a bill creating an additional rear admiral in the navy. The latter will enable the president to promote Commodore Dewey. Immediately upon receipt of his official report of the battle of Manila harbor, Secretary Long, in the name of the president cabled to Acting Admiral, and tendering him the thanks of himself and of the people for his great achievement.

The more the official report of Commodore Dewey is studied the more wonderful his victory appears. He entered Manila harbor, protected by mines, heavy shore batteries, a fleet of eleven ships, mounting about one hundred guns and carrying about 2,000 men, and destroyed all eleven of the ships and captured all the batteries. And the most wonderful part of this wonderful exploit was that not a single man on an American ship was killed and not a single ship was materially injured, and only a half dozen men were wounded.

Troops are to be sent to garrison the Philippine Islands just as soon as the ships to carry them from San Francisco can be got ready. About 10,000 will go.

News of an important victory is hourly expected from Admiral Sampson's fleet, although its whereabouts is a secret known only to the officials. The general belief is that it is on double errand—to whip the Spanish fleet if it can be found, and to capture Porto Rico. The army is likely to move on Cuba any day.

Some decidedly interesting information is contained in "advance sheets of Consular Reports," issued daily by the Bureau of Foreign Commerce of the State Department. For instance, that the island of Luzon, on which the city of Manila, the scene of Commodore Dewey's great naval victory, is larger than the states of New York and Massachusetts; that the entire area of the Philippine islands, now under Old Glory is ten per cent greater than that of the New England States, New York, New Jersey, Maryland and Delaware combined. Many persons who consider themselves well informed upon commercial affairs have been greatly surprised to learn that the U. S. has more trade with the Philippine islands than all the rest of the world combined has. What the U. S. will do with these valuable islands is a question that is already being discussed in Washington. This government will hold them until the war is over, and then decide what disposition shall be made of them. This is as far as has been determined upon by the President.

A GREAT SCHEME

The Old Bollinger Shoe Stand, No. 14 S. Chestnut St.

Why not make your dollars out of rubber? That's a great scheme. Then they'll stretch. It's a pretty hard matter to make a five dollar bill stretch over a ten dollar purchase, and even we can't do that for you—but yet, until rubber dollars are made, we'll come nearer to it than any store you know of. We'll stretch \$5.48 so it will cover a splendid \$7.00 suit. We stretch \$6.98 over a fancy all wool cassimere suit that ought to cost \$9.00. We stretch \$7.98 over suits that are worth \$10.00 to \$11.00. We stretch \$8.98 over suits that ought to sell at \$11.00. Bring your dollars to us if you want them stretched. You'll think it's rubber.

Frank Paffenberger, of Medora, came up last Saturday to visit his parents over Sunday.

Aaron Paffenberger was summoned to attend court at Columbus on the Williams-Lewis murder case this week.

Mrs. Anna Hackman and family, of Waymansville, and Reuben Nipp and wife, of Seymour were visiting in the family of John Uphouse last Sunday.

Miss Ola VanCleave, who has been for several months in the employ of Mrs. L. C. Baughman went to Pleasant Grove last Tuesday to work for Mrs. John Galimore.

N. J. VanCleave went to Indianapolis last Saturday to visit his sister Mrs. J. J. Bain. She was accompanied by her daughter-in-law, Mrs. Emma VanCleave of Lincoln, Neb.

While some of the section men were running over the road one day this week they found where some one had placed some spikes in a very dangerous position which would no doubt have caused a wreck if it had not been found.

The "Hummer," of the Banner, as usual wants to "shake hands across the bloody chasm" and "bury the hatchet." He never forgets any of the old sayings neither does he learn any new ones. Markleville, Ind., May 11.—It now appears that David Hedrick, the deaf mute, was not killed accidentally while squirrel hunting, but was murdered by Thamer Cory. Both men had been drinking. It is claimed that Hedrick had \$80, and that Cory deliberately shot him dead, and, to make sure of his work, severed his jugular vein, inflicting a number of slashes while he used the knife. Both men were farmhands. Cory is under arrest.
